

# Healthy Washington

## Roadmap to Recovery

ISSUED BY THE OFFICE OF THE GOVERNOR | May 18, 2021

## Healthy Washington - Roadmap to Recovery

On May 4, Governor Inslee announced a two-week pause in the county-by-county evaluation under the Healthy Washington: Roadmap to Recovery. On May 13, Governor Inslee announced that the state is moving toward a statewide June 30 reopening date and that all counties in Washington will move to Phase 3 of the Healthy WA: Roadmap to Recovery reopening plan effective May 18 until June 30. However, if the statewide ICU capacity reaches 90% at any point, activities will be rolled back again.

# Healthy Washington - Roadmap to Recovery

Maximum spectators allowed 400 with capacity restriction depending on facility.

NOTE: Live entertainment is no longer prohibited but must follow guidance above for the appropriate venue. Long-term Care facilities, professional and collegiate sports remain governed by their current guidance/proclamations separate from this plan.

## What comes next:

When Washington fully reopens the economy, the state will move beyond the Healthy Washington - Roadmap to Recovery. Beginning June 30, or sooner if Washington reaches the WA-based vaccination goal of 70% of 16+ individuals initiating vaccine, all industry sectors previously covered by the Roadmap to Recovery or the Safe Start plan (with the limited exceptions noted below for large indoor events) may return to usual capacity and operations. This does not include masking, which will continue under current guidance.

Restrictions Applying to Indoor & Outdoor Settings After June 30	
<b>Vaccine Verification / Negative Testing</b>	Recommended, but not required, for large indoor and outdoor events.
<b>Capacity Limitations</b>	No restrictions (except large indoor events*)
<b>Physical Distancing</b>	No requirements
<b>Facial Coverings</b>	Follow current applicable requirements as outlined in: Proclamation 20-25.13 - Healthy Washington, Secretary of Health Order 20-03.2, and LNI Publication F414-179.
<b>Travelers</b>	Follow CDC recommendations and Proclamation 20-83.2 - Restrictions on Travelers.

Large indoor events are defined as any event with more than 10,000 simultaneous participants located in an indoors enclosed space. Large indoor events are restricted to 75% capacity, unless vaccination verification is occurring. If vaccination verification is occurring prior to entry, and the venue requires all attendees be vaccinated, there are no capacity restrictions. However, we will not allow vaccinated sections as a way to go above 75% capacity unless all attendees are vaccinated. No physical distancing requirements apply and attendees must follow the current masking requirements. We will reevaluate the restrictions on large indoor events on July 31, 2021.
