

WVSSAC ATHLETICS SCHEDULED TO RESUME

Gov. Justice also announced Friday that, at the advice of state medical experts, WVSSAC-sanctioned high school and middle school athletics programs and bands will be allowed to resume their summer training programs, beginning on Monday, June 8.

The WVSSAC will publish guidelines that all counties must follow to keep players, coaches, and families safe. [These guidance documents are now available on governor.wv.gov.](#)

"I have worked very closely with the WVSSAC, they've done great work," Gov. Justice said. "Their executive director, Bernie Dolan, should be really commended as well as our State Superintendent of Schools Clayton Burch, they have worked hand-in-hand with one another."
