

Statewide Masks in Schools Requirement Removed for the Last Week of School

May 13, 2021

Governor Spencer Cox announced that public school masks will be removed for the last week of school. A decrease in cases in schools and vaccinated individuals prompted the change. Gov. Cox discussed this at his weekly [COVID-19 media briefing \(https://fb.watch/5...\)](https://fb.watch/5...)

“Our number one goal all along has been the desire and safety of our students,” Cox said. “We have done that as well, if not better, than any other state.”

Have a question about COVID-19? Leave your question and mobile number so we can text you back.

The change was made official in a [new public health order \(https://coronavirus-download.utah.gov/Health/UPHO-2021-12-School-Face-Mask-Test-to-Play.pdf\)](https://coronavirus-download.utah.gov/Health/UPHO-2021-12-School-Face-Mask-Test-to-Play.pdf) changes the mask requirement to end on the “Monday of the last week of the 2020-21 school year or, in the case of non-traditional school, May 31, 2021.”

Gov. Cox said the move was done in consultation with several school district superintendents who expressed a desire for the requirement to be lifted, but masks are still encouraged.

“Give kids an opportunity to see their teachers, to see their friends, to spend that last week together without masks, if they so choose,” Cox said.

School districts still have the option to continue mask mandates in their schools if they feel there is still a substantial COVID-19 threat.

Information on COVID-19 cases in schools can be found on our [case counts page \(https://coronavirus.utah.gov/case-counts/\)](https://coronavirus.utah.gov/case-counts/) (under the “Schools” tab).

Also at the briefing, Gov Cox stressed the need for Utahns to get vaccinated, noting that vaccinations across the country have slowed.

“This is how we get out of this pandemic forever,” Cox said. “This is the thing that prevents it from coming back in the fall.”

State officials will start exploring incentive options to encourage those who haven’t received the COVID-19 vaccine to do so. Businesses and organizations can also [request a mobile vaccination clinic \(https://coronavirus.utah.gov/vaccine-event-request/\)](https://coronavirus.utah.gov/vaccine-event-request/) to help make the vaccine more accessible.
