**ORIGINATING AGENCY:** Office of the Mayor

By virtue of the authority vested in me as Mayor of the District of Columbia pursuant to section 422 of the District of Columbia Home Rule Act, approved December 24, 1973, Pub. L. 93-198, 87 Stat. 790, D.C. Official Code § 1-204.22; in accordance with the Coronavirus Support Congressional Review Emergency Amendment Act of 2020 (the “Congressional Review Act”), effective June 8, 2020, D.C. Act 23-328, the Public Health Emergency Authority Extension Emergency Amendment Act of 2020, effective July 7, 2020, D.C. Law 3-149, D.C. Official Code § 7-2304; section 5a of the District of Columbia Public Emergency Act of 1980, effective October 17, 2002, D.C. Law 14-194, D.C. Official Code §§ 7-131 *et seq.*, Mayor’s Order 2020-045, dated March 11, 2020, Mayor’s Order 2020-046, dated March 11, 2020, Mayor’s Order 2020-050, dated March 20, 2020, Mayor’s Order 2020-063, dated April 15, 2020, Mayor’s Order 2020-066, dated May 13, 2020, and Mayor’s Order 2020-067, dated May 27, 2020, it is hereby **ORDERED** that:

#### **I. BACKGROUND**

1. This Order incorporates the findings of prior Mayor’s Orders relating to COVID-19.
2. Community transmission of COVID-19 remains throughout the District. Over 11,427 District residents have tested positive for COVID-19 and tragically 580 District residents have lost their lives already due to COVID-19. Further, transmission is widespread in the Maryland and Virginia areas near Washington, DC.
3. The District entered Phase Two of its limited reopening on June 22, 2020 based on the Department of Health’s (DOH’s) evaluation of certain gated criteria, consistent with criteria recommended by the United States Centers for Disease Control and Prevention and DOH’s determinations that the District has met applicable metrics that enable us to reduce certain restrictions on businesses, government operations, services, and activities. If necessary, the Executive may order more stringent

measures to contain the spread of COVID-19 and address the changing circumstances of the public health emergency.

4. Nationwide, the spread of COVID-19 remains a serious threat and states across the country, especially those which did not exercise sufficient emergency mitigation measures for a prolonged period of time, are experiencing a rapid rise of cases, as well as a rising number of COVID-19 related deaths. Without continued extraordinary measures authorized under a state of emergency, threats to the progress the District has made in protecting the public health, safety, and welfare may be compromised.
5. The spread of COVID-19 remains an imminent threat to the health, safety, and welfare of District residents that requires the continued need for declarations of a public emergency and public health emergency. In addition, it remains necessary for the District government to take action on accelerated timeframes, and pursuant to modified procedures and standards authorized during a declared emergency, related to procurement, personnel, disbursements, and other activities necessary to respond to the public emergency and public health emergency.
6. This Order authorizes existing and new delegations of authority during the public health emergency and extends the public emergency and public health emergency declarations in the District of Columbia through October 9, 2020.

## **II. EXTENSIONS OF PUBLIC EMERGENCY AND PUBLIC HEALTH EMERGENCY**

1. By this Order, the public emergency and public health emergency declared by Mayor's Orders 2020-045 and 2020-046, respectively, and extended by Mayor's Orders 2020-050, 2020-063, 2020-066, and 2020-067 respectively, are further extended through October 9, 2020.
2. The provisions of all Mayor's Orders concerning the COVID-19 public health emergency shall continue to apply through October 9, 2020.
