

# DELAWARE'S REOPENING

GOVERNOR JOHN CARNEY  
[de.gov/economy](http://de.gov/economy)

# PHASE 2

---

JUNE 15, 2020

# HEALTHY COMMUNITY

# HEALTHY ECONOMY

Delaware's reopening guidance is divided into three parts:

---

## GENERAL GUIDANCE

This guidance applies to individuals and business regardless of where they are going or what type of business they are visiting.

---

## INDUSTRY GUIDANCE

This guidance applies to specific businesses within a particular industry. It should be followed closely by all businesses within those industries and by all customers when they frequent those businesses.

---

## INDIVIDUAL BUSINESS GUIDANCE

This refers to guidance that specific businesses may seek out on a case-by-case basis. It may be related to questions over what type of industry guidance they should be following (for instance, if they think they may fall into more than one industry group), or whether they have a situation that merits unique consideration. This level of guidance will not be covered by this document, and should rather be handled by reaching out directly to the Division of Small Business via email at [covid19faq@delaware.gov](mailto:covid19faq@delaware.gov).

---

# GENERAL GUIDANCE: INDIVIDUALS

The following is general guidance that applies to all individuals during Phase 2. During this phase, strict social distancing must be observed.

## INDIVIDUALS

- **Wear a cloth face covering** in accordance with the State of Emergency Order.
- Individuals should **wash their hands as frequently as possible and must stay home when sick**.
- At all times, individuals who are not part of a household are encouraged to **maximize physical distance from others and are expected to remain six (6) feet apart**.
- Gatherings in parks and recreation facilities or in other locations without a fire code occupancy limit are limited to 250 people, and hosts of indoor gatherings must calculate useable capacity at thirty (30) square feet per person up to a maximum of 250 people. **Attendees must social distance from those not part of their household**. For gatherings of more than 250 people, approval is needed by the Division of Small Business.
- Locations currently operating at 30% of fire occupancy requirements can **move to 60% of fire occupancy requirements** (excluding staff). Exercise facilities and personal care services (hair care, tanning, tattoo, massage therapy services, nail care, brow care, spas, waxing services and similar) are to remain at 30% of fire occupancy requirements (excluding staff).
- In the interest of preserving public health, **leisure travel should be avoided, but may resume as long as this general guidance is strictly adhered to** by all commercial lodging facilities.
- **ALL VULNERABLE INDIVIDUALS** are strongly advised to continue to shelter in place. Members of households with vulnerable residents should be aware that by returning to work or other environments where distancing is not practical, they could carry the virus back home. Precautions should be taken to isolate from vulnerable residents.

# GENERAL GUIDANCE: BUSINESSES

The following is general guidance that applies to all businesses during Phase 2. See industry-specific guidance.

## BUSINESSES

- Businesses are responsible to follow the Responsibilities for all Businesses, set forth in the [State of Emergency Order](#).
- Employers must enforce **strict social distancing protocols**.
- Employees and customers have a **responsibility to self-quarantine if they have a reason to expect that they may be ill with or may have come into contact with COVID-19**. Employees who are symptomatic must not physically return to work until cleared by a medical professional.
- Employers are **encouraged to continue teleworking**. Employees who have been working from home throughout this crisis should continue working from home unless there is a substantive change to business operations in Phase 2 (e.g. a business was closed, but now it's open).
- **All surfaces touched by customers**, including doors, restrooms, and point of sale infrastructure **must be disinfected using an EPA-approved disinfectant** every 15 minutes to 2 hours.
- Hand sanitizer must be used by employees at frequent intervals during any service, appointment or scheduled event, including at a minimum **after contact with surfaces touched by others, after incidental contact with a patron or visitor, and before preparing or distributing food or drink**.
- Employees must **social distance from each other while working**. This can be accomplished through spacing or moving workstations, staggering shifts or other means.
- Businesses must make **hand sanitizer or handwashing stations readily available for all employees, patrons, and visitors** throughout the business' location, including at each entry and exit at a minimum. Hand sanitizer must be composed of at least sixty percent (60%) ethanol or seventy percent (70%) isopropanol.
- Employers must post signs on **how to stop the spread of COVID-19, hand hygiene, and how to properly wear a cloth face covering.. Download signs: [de.gov/bizsigns](#)**

# Part 2: Industry Guidance

**The following is guidance for certain areas of the Delaware economy where risk of transmission may be high due to number of people, distance or other factors. Broadly, this refers to areas like public entertainment, dining, retail, personal care services, and other consumer facing segments.**

**Governor Carney appointed several Sector Captains to work with both industry leaders and public health officials to develop this specific guidance. If a business is unsure if it falls into one of these industries, it should send an email to [covid19faq@delaware.gov](mailto:covid19faq@delaware.gov). The Division of Small Business shall have the discretion to make additions, amendments, clarifications, exceptions, and exclusions to this Phase 2 Reopening Plan.**

## *Who qualifies as a vulnerable individual?*

Individuals over the age of 65 or with an underlying health condition qualify as vulnerable and are strongly advised to continue to shelter in place at this time. This includes people with a chronic lung disease or moderate to severe asthma, people with a serious heart condition, people who are immunocompromised (many conditions can cause a person to be immunocompromised, including cancer treatment, smoking, bone marrow or organ transplantation, immune deficiencies, poorly controlled HIV or AIDS, and prolonged use of corticosteroids and other immune weakening medications), people with severe obesity (body mass index of 40 or higher), and people with diabetes. Individuals who regularly come into close contact with these vulnerable populations should also take enhanced precautions.

# ARTS AND CULTURE, MUSEUMS, GALLERIES, AND HISTORICAL ATTRACTIONS

The Arts and Culture industry is comprised of several different types of businesses: Performing Arts, Museums, Galleries, Libraries, Historical Attractions and Arts Education Institutions. This specific guidance for this industry goes beyond the general guidance that applies to all businesses:

## **Workplace Activity:**

- Adjust workplace hours and shifts (if working in-person, leverage A/B teams or staggered arrival/departure) to minimize contact across employees and reduce congestion at entry points; close contacts of infected individuals should telework until safe per DPH guidance.
- Limit visitors and service providers on site; shipping and deliveries completed in designated areas.

## **Gathering/Audience Size:**

- In-person operation of this industry is allowable under strict social-distancing restrictions, increased cleaning regimen.

## **Physical Distancing:**

- Patrons, volunteers, and staff must wear cloth face coverings in accordance with the State of Emergency Order.
- May offer visits without a reservation. Reservations and ticketing services should be made online/phone with no cash or paper tickets exchanged to the greatest extent possible. Install physical barriers at ticket booths, such as sneeze guards and partitions, and change layout of workspaces to reduce employees' exposure to guests.
- Contactless payment merchandise should be maximized; disinfect between transactions and comply with other retail recommendations.
- Provide electronic playbills, maps, or information in place of paper. Guided tours may resume as long as tour guides are socially distanced from guests, and guests not of the same household are socially distanced from each other.
- No-touch entry (e.g. prop doors open or assign staff or volunteer to hold doors open for patrons) should be maximized.
- Audience queues must maintain a 6 feet distance between individual household units.
- For indoor venues, limit up to 60% of fire occupancy requirements (excluding staff) while ensuring 6 feet radius around individual household units.
- For fixed seating venues, only 60% of patron seating may be occupied and there must be a 6 feet radius around individual household units. Patrons must exit their seats in an orderly, row by row fashion as directed by venue staff.
- Maintain signage and markings to remind and help individuals stand at least 6 feet apart when in common areas, walkways, or while visiting exhibits.
- Limit the number of people in a confined area to enable adequate distancing at all times. Bag or coat checks are not permitted.
- Shuttle services may resume as long as riders from different households are socially distanced from each other.

Food establishments within these facilities may use existing table area footprint, with tables appropriately distanced per food and drink establishment guidance.

Concessions selling only pre-packaged food must ensure social distancing in lines, use contactless transaction or deliver food directly to seated customers.

Locations offering research fellowships and library functions shall follow Division of Libraries guidelines. Fellows may reserve times to access facilities for research.

Arts and music instruction may resume as long as participants and instructors are socially distanced and equipment is not shared without being properly sanitized. Face coverings may be removed when it is impractical to perform the instruction without them.

# CASINOS

**The following guidance applies to any establishment holding a gaming and table gaming licenses (licensees), and is in addition to the general guidance:**

- All licensees must create a facility specific plan to limit the spread of COVID-19, and must submit the plan to State Lottery seven days prior to any reopening. Plans must be reviewed and approved by the State Lottery and the Division of Public Health. Plans should be continuously reviewed and executed to ensure the health and safety of licensee guests and employees. The State Lottery will provide updates to this policy as circumstances surrounding the health crisis evolve.
- Such plans must cover all requirements set forth here, both in the general guidance and industry specific guidance, and must also cover any requirement adopted by State Lottery.
- Prior to reopening, each licensee shall clean and disinfect all of its hard and soft surfaces in accordance with the guidelines published by the CDC.
- Each licensee must ensure employees are adequately trained on proper procedures and policies for cleaning and preventing the spread of COVID-19.
- Each licensee must provide proper signage as required by State Lottery for both employees and guests throughout the facility.
- The total number of customers within a facility shall at no time exceed 60% of fire occupancy requirements.
- Any individual gaming machines must be kept at least 6 feet apart, and must be disinfected every 15 minutes to 2 hours.
- Any gaming area (sportsbook, tables) with multiple guests needs to be arranged in a way to ensure that guests are properly socially distanced at all times.
- Employees should be assigned to ensure guests do not congregate in groups.
- Plans must ensure that patrons do not congregate in groups and practice proper distancing in these areas. Plans must address how the race & sportsbook, and any other gaming area will be cleaned and disinfected on a frequent basis.
- All food and drink facilities on the premises of a licensee must follow the guidelines for the food and drink industry.
- All lodging facilities on the premises of a licensee must follow the State of Emergency Order and restrictions on the commercial lodging industry.
- All retail shops on the premises of a licensee must follow guidelines for the retail industry.

## CHILD CARE

All Delaware families can access child care, starting in Phase 2, with restrictions on classroom sizes and following additional guidance from the Division of Public Health. Teleworking is strongly encouraged by DPH under Phase 2, and families are encouraged to identify alternate care for their children where possible to allow for reduced classroom sizes and social distancing.

- Must follow DELACARE regulations and additional guidance from the Delaware Division of Public Health. [For additional guidance: coronavirus.delaware.gov/child-care](https://coronavirus.delaware.gov/child-care)

## COMMERCIAL LODGING & CAMPGROUNDS

Commercial lodging includes any facility where a customer may book an overnight stay or longer stay for a variety of purposes. This includes a hotel, a short-term rental, campground, or similar rental facility. The following is guidance for this industry beyond the general guidance:

- The total number of guests in all common areas (lobby, food and drink, etc.) – except for exercise facilities -- shall at no time exceed 60% of the establishment's fire occupancy requirements. This does not include the number of rooms that may be booked to guests. Exercise facilities on the premise of a commercial lodging facility should follow the industry guidance for exercise facilities, including that the total number of guests shall not exceed thirty percent (30%) of the exercise facility's fire occupancy requirements.
- Short-term rental facilities do not need to follow 60% occupancy limits.
- Any guest rooms in a commercial lodging facility should be disinfected between uses by individual guests with an EPA-approved disinfectant.
- All common areas within a commercial lodging facility should be cleaned every 15 minutes to 2 hours using an EPA-approved disinfectant.
- Food and drink activities on the premise of a commercial lodging facility should follow the industry guidance for food and drink establishments.
- Spas and similar services should follow the industry guidance for personal care services.
- Any outdoor concessions offered at a commercial lodging facility should ensure that all individuals are socially distanced when placing or receiving a food or drink order, and any outdoor dining spaces should follow the industry guidance for food and drink establishments.
- Campgrounds should space out tent plots and/or recreational vehicle parking spaces so that individual groups of campers maintain social distancing from other groups when within their spaces.

## **COMMERCIAL OFFICES & RESIDENTIAL BUILDINGS WITH AT LEAST 50 UNITS**

**Owners of buildings used for commercial, industrial or other enterprises, including but not limited to facilities for warehousing, manufacturing, commercial offices, airports, universities, colleges, and residential buildings with at least 50 units, shall adopt policies that, at minimum, implement the following cleaning protocols:**

- Clean and disinfect high-touch areas routinely in accordance with CDC guidelines, particularly in spaces that are accessible to staff, customers, tenants, or other individuals, and ensure cleaning procedures following a known or potential exposure in a facility are in compliance with CDC recommendations.
- Otherwise maintain cleaning procedures in all other areas of the facility.
- Ensure that the facility has a sufficient number of workers to perform the above protocols effectively and in a manner that ensures the safety of occupants, visitors, and workers.

## **CONVENTION CENTERS & MEETING FACILITIES**

- Convention centers and meeting facilities may reopen provided they limit total number of guests in the facility to sixty percent (60%) of fire occupancy requirements and take steps to enforce social distancing of guests.
- Seated events should be preferred whenever possible.

## EXERCISE FACILITIES

- The total number of customers within a facility shall at no time exceed 30% of fire occupancy requirements. The responsibility of strictly enforcing this lies with the store owner/manager.
- Customers and staff must wear cloth face coverings in accordance with the State of Emergency Orders. If an individual is doing a strenuous exercise where a mask may interfere with their breathing and they are at least six feet away from others, the individual can remove their face covering.
- Limited contact during check-ins and payment is strongly recommended: Limit cash transactions, encourage customers to use credit, debit, or other contact-less forms of payment. Cash registers and pin pads must be sanitized after each use.
- Stagger or spread exercise equipment to maintain a distance of at least six feet.
- All participants in an exercise class must remain at least six feet apart at all times, and all appropriate gathering limits must be observed. Class area, including floor and any shared equipment, must be cleaned prior to next class entering space. Swim lessons and swim team gatherings may resume if they can do so while maintaining social distance, with the exception of life-saving activities, and comply with lap swimming guidance. Shared equipment must be disinfected after each use. Aquatic exercise classes are permitted as long as proper social distancing is practiced and shared equipment is disinfected after each use. Pools must operate in accordance with the Delaware Division of Public Health ("DPH") guidance regarding COVID-19 pool operations found at [de.gov/poolguidance](http://de.gov/poolguidance).
- Customers should bring their own workout/yoga mats. If gym provides a shared mat, weights, bands, balls, or other workout equipment, they cannot be used by another customer until they have been thoroughly cleaned and disinfected. Use of this shared equipment is discouraged.
- Employees must regularly clean all equipment, and customers must wipe down equipment after each use. This includes free weights.
- Customers should bring their own drinks. Water bottle refill stations can be used, but must be cleaned regularly by staff. Use of shared water fountains is discouraged.
- Showers/locker rooms must be cleaned and disinfected at the beginning or end of service day, and at least once in the middle of the open hours. Customers should bring their own towels.
- Facilities that have historically functioned more as indoor or outdoor sporting venues (large collections of fields, courts, etc.) may open only under these guidelines. At no time may participants in any fitness activity come into contact with one another.
- On-site child care is permitted only for children of employees. Facility employees must remain on-site while their children are using the program

# FOOD & DRINK ESTABLISHMENTS

**The following guidance is for providers of food or drink, such as restaurants, breweries, taverns, and taprooms that provide table service, in addition to the general guidance that applies to all businesses:**

- Staff and customers must wear a cloth face covering in accordance with the State of Emergency Order at all times, except for customers seated at a table to eat or drink, who may remove the cloth face covering while seated at the table in order to do so.
- Tables and booths must be arranged in a way that ensures seated customers at one table are at least six feet apart from seated customers at another table. For booths, this typically will mean seating customers at every other booth. For freestanding tables (with pull out chairs), there should be eight feet apart to ensure that a seated guest is six feet from seated guests at other tables. Inside and outside seating must both comply with these standards. Tables must be disinfected in between each party.
- Customers from different households may sit at a table together as long as they are socially distanced. Guests must all have seats, be seated, and remain seated unless going to the restroom. Orders should be placed from a table and received at a table unless an alternative exists that ensures guests who are not of the same household are socially distanced at all times while placing and receiving an order.
- **For food and drink establishments that provide table service:** Customers must have a reservation unless the establishment has a system for ensuring that customers without a reservation do not gather while waiting to be seated. Takeout can still continue under pre-Phase 1 guidelines, but should be done without those ordering entering the dining facility when picking up order.
- **For food and drink establishment that do not provide table service:** Counter service locations must be spaced 6 feet apart. Signage and floor markings must be present to guide patrons in appropriately spacing while in line. Staff must be designated to monitor patrons entering facility, monitor lines and ensure social distancing throughout facility.
- The total number of guests within a facility shall at no time exceed 60% of fire occupancy requirements.
- Guests should be provided with single use, paper, disposable menus. All condiments (salt, pepper, ketchup, mustard, mayo, sugar, etc.) must be provided directly to diners in single-use disposable containers or re-usable containers that are cleaned between each party.

*Food and drink establishment guidance continued on next page*

# FOOD & DRINK ESTABLISHMENTS

## *Continued*

- Cups, lids, napkins, and straws must be delivered to the table after the party has been seated.
- Proper precautions must be taken when handling ready-to-eat foods. Variances or other allowances for bare hand contact are void until these restrictions are lifted.
- Self-service food and buffet options may only reopen if the facility assigns dedicated staff to distribute food, and any customers at buffet are socially distanced from others who are not of the same household. No customer at any time should touch serving utensils, and staff members should be dedicated to a particular serving utensil or utensils so that multiple staff are not touching the same utensils.
- Self-service beverage may be reopened for use by customers, but should be disinfected every 15 minutes to 2 hours by staff.
- Bar service and seating at a bar may reopen as long as proper social distancing is observed between those not of the same household.
- Any to-go containers for food guests bring home after dining must be protected from possible contamination.
- Every restaurant is expected to have its own reopening plan and must follow DPH guidance.
- Customers should be guided to seats by staff to control traffic in, out, and through restaurant to ensure that safe social distancing is maintained as much as possible. If guiding to a table is not practical or safe, restaurant should provide clear signage and instructions to control the flow of traffic through the facility.
- No activities, outside of those guests engage in while seated at a table, may take place, and any common areas where people would typically stand must be off limits if not otherwise occupied by tables with seated guests. This includes dance floors, arcade/bar game areas, pool tables, and similar spaces.

## GOLF COURSES

- Specific guidance is eliminated, though courses should ensure participants are socially distanced.
- Any food or drink establishment must follow industry guidance for food and drink establishments.
- Pro shops must follow industry guidance for retail establishments.
- Indoor event space must follow occupancy requirements in the Twenty-First Modification to the State of Emergency.

## HOUSES OF WORSHIP

**Houses of Worship continue to pose public health concerns, particularly due to multiple different households convening in a congregational setting. Houses of Worship are encouraged to pay close attention to the social distancing, hygiene and face covering requirements. Remote services and drive-in service continue to be the safest avenues for worship. The following guidance applies to this industry beyond the general guidance:**

- Houses of Worship are permitted to operate at 60% of fire occupancy requirements in Phase 2.
- Houses of Worship can find additional guidance and information at [de.gov/cwguidance](http://de.gov/cwguidance).

## MALLS

**The following guidance is for shopping malls. Shopping malls are a collection of stores that are all contained within a building that contains interior walkways, and common spaces between stores that consumers pass through as they move from store to store. This does not include facilities that have a collection of stores but have no interior common area. Those strip malls should advise stores to follow individual guidance that may apply to their individual store. In addition to the general guidance, shopping malls should follow the following guidance:**

- All food and drink facilities on the premises of a shopping mall must follow the guidelines for the food and drink industry.
- All retail shops on the premises of a shopping mall must follow guidelines for the retail industry.
- All personal care services on the premises of a shopping mall must follow the guidelines for those services.
- The total number of people within a mall shall at no time exceed 60% of fire occupancy requirements.
- Cloth face coverings must be worn in accordance with the State of Emergency. It is the responsibility of the mall operator to ensure compliance from all customers inside of the mall.

## PARKS & RECREATION

**Parks and recreation facilities include any public or private park and any outdoor recreational facility such as a zoo, miniature golf course, outdoor tennis facility or batting cage and other similar activities not explicitly closed by the industry guidance below. The following is guidance for this industry beyond the general guidance:**

- Remain open with modifications to ensure visitors can maintain social distancing at all times. Consider closing or closely monitoring facilities and areas where social distancing cannot be maintained (e.g., basketball courts, playgrounds).
- All events and gatherings held in parks and recreation facilities must comply with the gathering requirements set forth in the Twenty-first Modification to the State of Emergency.
- Businesses must make hand sanitizer or handwashing stations readily available for all employees and customers.
- Businesses must properly disinfect any equipment necessary to perform the recreational activity between customers and maximize contactless payment.
- Businesses must ensure social distancing of at least six (6) feet between waiting customers.

## PERSONAL CARE SERVICES

**The following personal care services (hair salons, barber shops, tattoo services, massage therapy services, nail salons, spas, facials, waxing services, brow services, and similar) may resume business under the following conditions, in addition to the general guidance:**

- Stations should only be open on a staggered basis - every other station can operate at any time with a customer. There must be at least six feet of distance in all directions between the station and other stations (this may at times require the closing of more than one station).
- The total number of customers within a facility shall at no time exceed 30% of fire occupancy requirements. The responsibility of strictly enforcing this lies with the store owner/manager.
- Services must be provided by appointment only and appointments must be scheduled with a minimum of fifteen (15) minutes between appointments for proper cleaning.
- Entrance doors must include signage that walk-ins are not permitted.
- Customers waiting for appointments must wait in their car or outside the store.
- Limited contact during check-ins and payment is strongly recommended: Limit cash transactions, encourage customers to use credit, debit, or other contact-less forms of payment. Cash registers and pin pads must be sanitized after each use.
- Proper safety procedures and cloth face coverings must be used by staff and customers at all times as set forth in the State of Emergency Orders.
- Social distancing requirements of 6 feet should be maintained when feasible.
- Magazines or other materials may not be provided by the salon or shared among customers.

## PRIVATE INSTRUCTION

**Private instruction covers a wide variety of classroom-based or similar instruction that is not in a traditional K-12 or post-secondary environment. This includes tutoring services, testing centers, adult education, or specific vocational training facilities (outside of traditional K-12 structures). The following guidance applies to this industry beyond the general guidance, which should also be followed:**

- The total number of learners permitted in private instruction at one time shall not exceed sixty percent (60%) of the facility's fire occupancy requirements.
- 8 ft spacing between seats at tables when people are being trained.
- Desks for students must be six feet apart from one another.
- Cloth face coverings must be worn in accordance with the State of Emergency Order during all classroom instruction. Equipment should be brought by the students themselves. If it is provided by the instructor or facility, it must be disinfected between each use.

## RACETRACKS

**Racetracks are any facility in the state licensed for the racing of horses, other animals, or automobiles.**

- The total number of guests permitted at a racetrack at one time shall not exceed sixty (60) percent of the racetrack's fire occupancy requirements.
- All race staff and any ancillary employees (camera crew, media, etc.) must be properly socially distanced at all times.
- All operators of a racetrack racing horses or other animals must create a facility specific plan to limit the spread of COVID-19 and must submit the plan to the Department of Agriculture seven days prior to any reopening. Plans must be reviewed and approved by the Department of Agriculture and the Division of Public Health.
- All operators of an automobile racing facility may open for practices following this guidance. Competitive racing may also be permitted following approval of a plan submitted to the Division of Small Business via email at covid19faq@delaware.gov.

## REALTY

**Realty includes the selling and long-term renting of houses, apartments, condominiums, store fronts, office spaces, and similar residential and commercial properties.**

- Open houses are permitted, provided, however, that when determining the number of persons who may attend an open house at one time, hosts should calculate useable capacity at thirty (30) square feet per person up to a maximum of 250 persons (including realtors and staff) as long as indoor gathering rules are followed.
- All individuals must wear face coverings and be distanced by 6 feet.
- Selling party must ensure the interior of the property is properly disinfected after each open house.

# RETAIL ESTABLISHMENTS

The following guidance is for businesses primarily engaged in retail services with the general public. This includes, but is not limited to, grocery, pharmacies, clothing, shoe, jewelry, sporting goods, books, florists, and department stores. In addition to the general guidance, the industry specific guidance for this sector falls into two categories:

1. Guidance for interactions between employees and other employees or vendors, and
2. Guidance for interactions between employees and customers.

## Employees

- Close common areas, such as break rooms and cafeterias.
- Prohibit gatherings or meetings above the indoor gathering limits during work hours.
- Employees should be permitted to take breaks or lunch outside, in their office or personal workspace, or other areas where proper social distancing is possible.
- Restrict interactions between employees and outside visitors or delivery drivers; implement touchless receiving practices if possible.
- Adjust training/onboarding practices to limit number of people involved and allow appropriate spacing. The use of video and audio training is encouraged.
- Discourage the use of shared phones, desks, workstations, radios, wearable technology. If these are unavoidable, they must be cleaned after each use.
- Install physical barriers, such as sneeze guards and partitions, and change layout of workspaces to ensure all individuals remain at least 6 feet apart

## Customer Control

- The total number of customers within a facility shall at no time exceed 60% of their fire occupancy requirements. The responsibility of strictly enforcing this lies with the store owner/manager.
- Signage required at entrances and high traffic areas alerting staff and customers of occupancy limits, physical distancing requirements, and face covering order.
- Retailers, especially essential businesses, are encouraged to establish specific hours for high-risk populations.
- Mark six feet of spacing in check-out lines.
- Ensure six feet of space between cashiers.

## SUMMER CAMPS

- Summer camps and recreational camps may reopen, with a recommended allowable group size of fifteen (15) children.
- Any pool use during camps must comply with same guidance for Swimming Facilities as set by this Twenty-First Modification.
- Additional requirements for summer camps and recreational camps are listed in the DPH Recreational Camps COVID-19 Guidance: [de.gov/reccamp](http://de.gov/reccamp)

## YOUTH SPORTS & ADULT RECREATIONAL SPORTS

- May resume provided that all players, staff, coaches, officials and spectators maintain social distancing of six (6) feet.
- No tournaments.
- No competitive football, wrestling, rugby, and hockey (ice and roller), which are considered high-risk.
- Basketball may only be played outside.
- Additional requirements for youth sports and adult recreational sports are found here: [de.gov/playsafely](http://de.gov/playsafely)

# GUIDANCE FOR OTHER INDUSTRIES

## Indoor Gatherings

- Guests at an indoor gathering who are not from the same household should always maintain proper social distancing.
- Cloth face coverings must be worn in accordance with the State of Emergency.
- For food and drink services at an indoor gathering, the food and drink guidance should be followed.
- At no time may an indoor gathering exceed sixty percent (60%) of the fire occupancy requirements (excluding staff) for the facility in which it is taking place. Where a location has no fire code occupancy requirement, hosts should calculate useable capacity at thirty 30 square feet per person up to a maximum of 250 people.
- A gathering of more than 250 people requires specific approval. Please email Covid19faq@delaware.gov for approval. The facility hosting the gathering is the required applicant.

## ***The following industries are not permitted to open in Phase 2:***

- **Sporting facilities and venues** (professional and amateur), including but not limited to arcades, bowling alleys, indoor skating rinks (ice and non-ice), martial arts studios, dance studios, indoor tennis and similar indoor athletic facilities, **unless** they can create a facility specific plan to observe the industry guidance provided herein for exercise facilities. Plans should be emailed to covid19faq@delaware.gov.
- **Indoor children's play areas**, including softscape or hardscape playground facilities, trampoline parks, and children's museums.
- **Water parks, unless** they can create a facility specific plan that explains how they will maintain social distancing between individuals who are not from the same household, how they will require the use of face coverings in their facilities, and how they will regularly clean surfaces. Plans should be emailed to covid19faq@delaware.gov. The total number of customers within a facility shall at no time exceed thirty percent (30%) of fire occupancy requirements (excluding staff). The responsibility for enforcing the occupancy requirement lies with the facility operator.

***As part of Delaware's rolling reopening, restrictions and modifications may change. The latest document will be published here:  
[de.gov/phase2](http://de.gov/phase2)***
